Description of the error and impact on results and conclusions

There was an oversight on the mathematical symbol for the T-scores of those with osteoporosis and severe osteoporosis seen in Figure 2 (WHO classification criteria for BMD). The error might mislead the readers on the osteoporosis definition; hence, it will need immediate correction.

This is a typographical error that did not affect the results, interpretation, and conclusions of the article.

Corrections to Figure 2, page 21

Published text:
Figure 2. Row 2 – boxes on osteoporosis (≥ -2.5) and severe osteoporosis (≥ -2.5+fragility**)

Corrected text:
Figure 2. Row 2 – boxes on osteoporosis (≤ -2.5) and severe osteoporosis (≤ -2.5+fragility**)

Statement

The authors sincerely apologize for the error. This correction does not change the results or conclusions of the article.
